## SPONSORSHIP AND EXHIBITION OPPORTUNITIES

The PROS 2026 Conference invites sponsors to participate in this important meeting. A commercial exhibition will be held as a central feature of the PROS 2026 Congress from 3rd to the 6th of June. To ensure maximum interaction between the industry and the participants, the Welcome Reception, coffee breaks and lunches will all be held besides the main exhibition area. Exhibition spaces are limited and will be allocated on a sponsorship level basis at the Emporio hotel, in Cancun, Mexico.

## LUNCH SYMPOSIUM

A dedicated 45–60 minute session held during the lunch break, where the sponsoring company may present a scientific or educational topic to conference attendees. This would provide a focused space to share developments, evidence, or clinical insights related to your field."

### Description:

"The Lunch Symposium provides a dedicated 45-60-minute session during the conference lunch break for an industry partner to deliver an educational or scientific presentation. This session allows companies to present new developments, evidence, or clinical experience directly to specialists in paediatric radiation oncology.

### PROS provides:

- Meeting room and audiovisual setup
- Inclusion of the symposium in the official scientific programme
- Promotion on the conference website and onsite signage
- Support with logistics and scheduling

### Sponsor responsibilities:

- Selection of speakers and scientific content
- Ensuring compliance with scientific and industry standards
- Covering associated costs (pricing to be confirmed by the Professional Conference Organiser)
